

JOIN US!

Join your colleagues today to promote and protect your rights as a member of the URI/Adjunct Faculty Association. The URI/AFA continuously works toward our mission and commitment of addressing matters that directly impact both individual and collective areas of concern to URI part-time adjunct faculty. The Union goals include giving a voice to URI's Adjunct Faculty, empowering them as equal members of URI's teaching community, ensuring that members' rights and entitlements gained from collective bargaining negotiations are respected and enforced. We will continuously work toward enhancing the work experience and environment for the Adjunct Faculty and continue to seek employment necessities, including salary, equity, and time in service rights. We strive to achieve these goals by leading and growing a sustainable and united union group with a view towards advancing the status of URI's Adjunct Faculty.
